Sir:

In response to the Office Action dated August 9, 2007 in which the Examiner imposed a restriction requirement on the claims of the above-captioned application, Applicants hereby elect Restriction Group II. This includes claims 15-24 and 26-34 directed to an enzymatic system. Please note that the document received from the PTO actually indicates that claims 1-24 and 26-34 are in restriction group II. However, claims 1-14 were cancelled in a Preliminary Amendment, Applicants have assumed that a typographical error was made.

This election is made without traverse.
